WEST SOUND WILDLIFE SHELTER

ANNUAL REPORT | 2019

LETTER FROM THE EXECUTIVE DIRECTOR

Dear Friends of the Shelter,

What a year 2020 has been! As a nonprofit organization, a health pandemic is not an event that we could ever have imagined. We are taking this situation seriously by allowing only staff into the shelter, eliminating most volunteer hours, as the health and safety of our staff, volunteers, and their families is of utmost importance. We thank you for your generous support and understanding as we navigate through our state's mandates.

Once again, 2019 smashed records in terms of funds raised and work accomplished. In 2019, we treated 1561 wildlife patients with our highest release rate ever – 80%! We responded to more than 6500 wildlife-related calls and provided powerful education programs and outreach to more than 9000 children and adults in the region. This amazing work was made possible by the dedicated staff, volunteers, and supporters of the West Sound Wildlife Shelter.

In 2019 we treated more than 91 species from 14 counties and 33 cities and towns throughout our region. In Kitsap County alone, the Shelter treated over 1225 patients in need of varying levels of care. Additionally, we assisted 6500 Kitsap County residents with wildlife related questions and concerns, as well as conflict resolution involving wildlife. An example of this commitment came from a Bainbridge Island resident who called to report an eagle's nest that had blown down during a windstorm, leaving a juvenile bald eagle stranded on the ground. The Shelter was able to nurture and care for the eagle thanks to the quick response of the residents. Going one step further, the island residents constructed a platform for the returning eagle family. I am happy to report their success, as there is a new baby eaglet in the nest this year!

Much of our 2019 success is in thanks to the 75 dedicated volunteers who spent four or more hours a week helping to care for our fragile patients. At the Shelter, it is not just caring for one bald eagle or one Douglas squirrel, but often times, over 150 patients in the hospital every day throughout the "baby season." These incredible volunteers help these young patients to grow up healthy and return to the wild. Our volunteers contributed over 14,000 hours of their time at a value of over $496,000! With our small staff of five plus two seasonal employees, we literally could not do what we do without every one of our volunteers.

The Shelter, Jon Rose, and the rest of the Olympic Property Group team (OPG is now operating under the Rayonier umbrella) continue to work on the shelter's Port Gamble redevelopment plan. This new site will include a state-of-the-art rehabilitation center, an interactive education center that will be open to the public, more outdoor space, and will be centrally located in the western Puget Sound and Olympic Peninsula communities we serve. In order to meet these long-range goals and better support the region's growth, the West Sound Wildlife Shelter has embarked on a major fundraising initiative to raise the necessary capital funding. This Capital Campaign also seeks to enhance the financial foundation and security of the Shelter by creating a sustainability fund. For more information on this project and how you can help, please give me a call at 206.855.9057 or email me at lisah@westsoundwildlife.org. We are also very thankful for our organizational community support and partnerships – Bainbridge Community Foundation, Kitsap Community Foundation, The City of Bainbridge, One Call for All, Bloedel Reserve, and so many more!

Of course, we simply cannot do any of this work without you. Thank you! We are deeply humbled by your support and friendship throughout the last 28 years! Thank you for caring for wildlife.

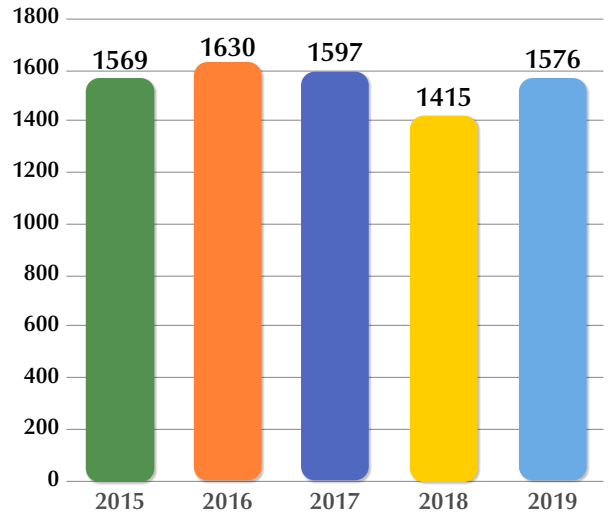
Best regards,

Lisa Horn, Executive Director

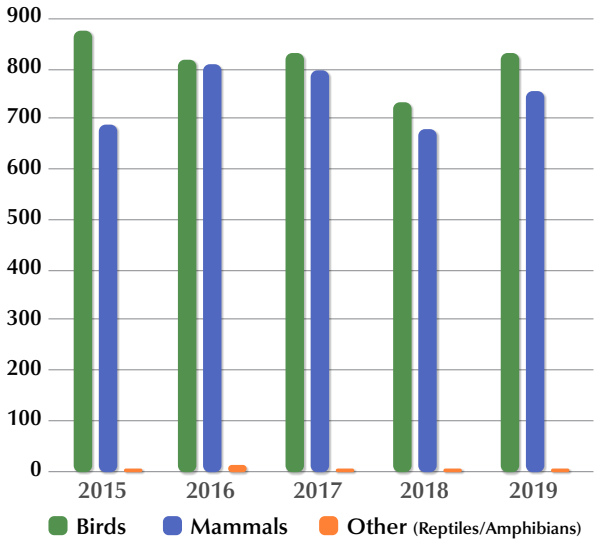
Rehabilitation

Demand for our hospital services has risen dramatically since our doors opened in 1999. Below is a snapshot of information about this year's patients as well as a comparison of the total number of animals treated in the previous four years.

NUMBER OF PATIENTS TREATED



TYPES OF PATIENTS TREATED



Patient Release Rate: 80%

Release rate is calculated using the number of animals that arrive at the Shelter that are viable for rehabilitation.

CAUSE FOR ADMISSION

Cause	No. of Patients
Undetermined	612
Orphan	346
Animal Interaction	291
Nest Destruction	88
Collision-Vehicle	72
Fell From Nest	45
Collision-Window	41
Transfer	27
Entrapment	23
Inappropriate Human Possession	14
DOA	11
Infectious	6
Substance	1

Demographics

Serving the entire western Puget Sound region, the Shelter received patients from 14 counties and 68 cities. We received calls from all over Washington State, and treated 91 different species in 2019. The species list identify the different types of species.

Education

Our inspiring and engaging live animal presentations are the core of the Shelter's Education Program. Our staff, wildlife educators and wildlife ambassadors bring species natural history and conservation to life with our live animal presentations.

10 EDUCATION AMBASSADORS

12 WILDLIFE EDUCATORS

113 VISITS

9,000+ ADULTS & CHILDREN REACHED

OAKLEY
Barred Owl

CYCLOPS
Band-tailed Pigeon

ECHO
Western Screech Owl

SCOUT
Peregrine Falcon

RANGER
Peregrine Falcon

REMI
Turkey Vulture

Red-tailed Hawk

TUKLUS
Great Horned Owl

ROCKY
Rock Pigeon

Our education programs bring our Education Ambassadors beak-to-nose with our audiences, allowing people to get an up-close and personal look at species they may never see in the wild. Research has shown that building connections with nature and the natural world help inspire conservation attitudes and environmental stewardship. Through our educational programs, we are able to engage and inspire future generations of environmental stewards. In 2019, we presented 113 Educational Programs to over 9,000 individuals in 17 different cities in Washington State.

City	No. of Programs

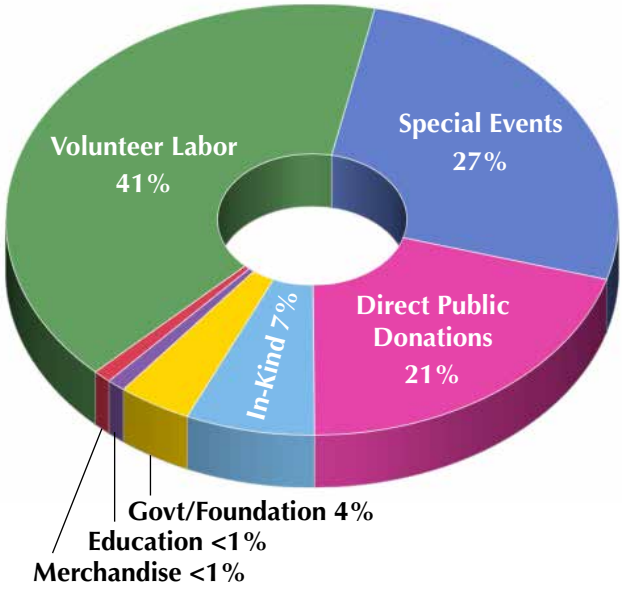
Finance

Strength of our donor base and fundraising activities is what sustains the Shelter. All financial support for the Shelter is derived from individual private and matching donations, foundations, local governments (under contracts), grants, education programs, and through special fund raising events.

SOURCES OF SUPPORT

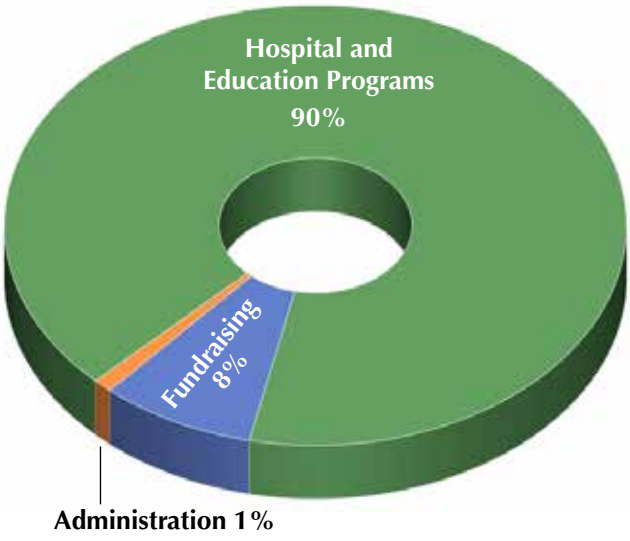
Volunteer Labor	$469,614
Special Events	$310,920
Direct Public Donations	$249,911
In-Kind	$76,000
Govt/Foundation	$43,407
Education	$9,659
Merchandise	$953
TOTAL	**$1,157,466.24**

**Volunteer Labor - Wildlife stewards (people who volunteer their time in the wildlife hospital), and other volunteers donated 14,805 hours of their time during the last fiscal year. The total value of this labor was determined by multiplying the number of hours by $31.72, the 2019 average value of volunteer time in Washington State according to Independent Sector.*



USE OF FUNDS AND SUPPORT

Hospital and Education Programs*	90%
Fundraising	8%
Administration	1%



** Percentage includes volunteer in-kind labor*

Volunteer

Volunteers are the heart and soul of our rehabilitation efforts. Our amazing wildlife stewards donate at least four hours a week to care for our wildlife patients.

Our amazing volunteer crew is composed of individuals from a multitude of backgrounds; including dentists, lawyers, teachers, engineers, landscapers, and many other fields. Our volunteers come from near and far to assist in our rehabilitation facility every single week. We have some volunteers who travel from other counties, some who ride the ferry, and some who live just right down the road. For our dedicated and compassionate volunteer crew, there is no distance too far for them to answer the call to action. Rain or shine, or even snow, our volunteers show up ready to work for the cause.

Our volunteer program allows our Wildlife Care Stewards a unique opportunity to be directly involved in our rehabilitation efforts, from rescue to release. The work our volunteers do isn't always glamourous, in fact, more often than not, the work we do is much less than glamourous. But for our volunteers, it doesn't matter what dirty job they have to do, all that matters are getting our patients back out into the wild. A day in our rehabilitation facility is not filled with cuddles and kisses, instead it is wearing Kevlar gloves so the squirrel doesn't bite you and scrubbing very obscene excrement from enclosure walls. From every day animal care to assisting at fundraising events, our volunteers are essential to our work. Our volunteer program is not for the faint of heart, but it takes a lot of heart to provide compassionate care to our sick, injured and orphaned wildlife patients.

In addition to our regular volunteers, we also offer a Wildlife Rehabilitation Internship program, where students from all over the country are invited to be a part of our rehabilitation practice. In 2019, we had seven interns who came to us from universities in Washington, Rhode Island, and Florida. Through our internship program, students and recent graduates are able to learn the basics of wildlife rehabilitation through hands-on training opportunities and gain experience for future careers in wildlife biology, veterinary medicine or zoology.

Our ability to rescue and rehabilitate wildlife patients takes a team of compassionate and dedicated volunteers, interns, and staff. We would not be able to do the work that we do without our devoted volunteer team. We are forever grateful for our amazing volunteer crew, who dedicate several thousand hours each year to help support our mission.

Events

Fundraising events are strategic to our financial health and critical to the sustainability of the Shelter and our mission. The Shelter's fundraising events are well known and successful and have become a must attend for our supporters, many of whom attend several of our events year after year.

CALL TO THE WILD

Our flagship event is the Call to the Wild Gala Auction and Dinner. In 2019, the Call to the Wild Auction was runner-up for Best Charity Event for the Best of Bainbridge! The 2019 Auction took place in April and raised over $225,000! Don't miss this annual event – it is jammed with fun times and unique items and experiences.

2020 UPDATE: In the interest of protecting the health and safety of all those involved, for the first time in the nearly 20 year history of this great event, we will be bringing the Call to the Wild Auction to you virtually! The date for this incredible event is October 10, 2020 with an opportunity to start bidding a week early! The best part – it's free! Please visit www.westsoundwildlife.org.

WILD FOR WINE

Wild for Wine takes place at the Clearwater Casino. The 2019 event raised a record breaking $101,000! Our outstanding event hosts ChocMo and High Spirits, have supported this event for six years by sourcing the exquisite wines and providing the delectable chocolates. The evening also includes the opportunity to bid on extravagant wine and chocolate themed baskets as well as wine themed trips and experiences.

2020 UPDATE: In the interest of protecting the health and safety of all those involved, the Wild for Wine will be postponed to April 2021 at the Clearwater Casino. Stay tuned for more delicious details from the Shelter and our great friends at High Spirits and ChocMo.

ON-PROPERTY SHELTER EVENTS

The Shelter hosts two open houses in the spring and fall that provide an opportunity for kids and adults alike to visit with our wildlife ambassadors and our education stewards to learn about wildlife rehabilitation, species natural history and more about our regional wildlife. Visitors are invited to bring donations of items on the Shelter wish list or monetary donations to support the care and rehabilitation of our patients.

2020 UPDATE: In the interest of protecting the health and safety of all those involved, the Shelter canceled the spring Open House. The fall open house remains scheduled and the Shelter staff is closely monitoring the health mandates from the Kitsap County Health District.

RAPTOR RHAPSODY

In 2017, we launched a new family event called Raptor Rhapsody. The event is in conjunction with the Port Gamble Summer Faire. The event takes place just a short walk from the Shelter's future home. In 2019, we had an enormous crowd of over 660 kids and adults over a 4 hour period! We had so much fun with our guests. Guests meet the wildlife ambassadors up-close. Kids are invited to join us for crafts!

2020 UPDATE: In the interest of protecting the health and safety of all those involved, both the Port Gamble Summer Faire and Raptor Rhapsody have been cancelled for this year. Join us in August 2021! Stay tuned for details.

SPOOKY WALK

Spooky Walk is by far the Shelter's most popular family event and sells out with a waiting list every year since its inception nearly a decade ago! The 2019 event shattered all records with over 450 children and adults walking the trails with of Bloedel while meeting and learning more about our wildlife ambassadors who are tucked away among the forest trees at dusk and into the night. This is an event not to be missed! Great for guests of all ages!!

2020 UPDATE: As of the printing of this report, the Shelter has not cancelled the 2020 Spooky Walk. The staff is closely monitoring the health mandates from the Kitsap County Health District.

EVENT DATES FOR 2020

- **Call to the Wild**
  October 10, 2020
  Virtual
- **Spooky Walk**
  October 24, 2020
  Bloedel Reserve
- **Holiday Open House**
  November 14, 2020
  West Sound Wildlife Shelter

Philanthropy

Thank you to all of our supporters who contributed $25 or more in money, in-kind, and/or participated at our annual Call to the Wild Auction or other fundraising event. We are indebted to the generous donors who are dedicated to helping the Shelter give injured, orphaned, and sick wildlife a second chance at life and promoting their well-being. Thank you for investing in the West Sound Wildlife Shelter.
